HANGING ORNAMENTS

Use these ornaments to add a little bit of the Holiday Spirit wherever you like!

DIRECTIONS:

1. Print out the ornaments you like. Use the heaviest paper your printer will print on. If you have a color printer, great! If not, color in the ornaments with markers or crayons after you print them!

2. Carefully cut out the ornament.

3. Fold the ornament in half down the middle.

4. Using scotch tape, tape the open end closed.

5. Punch out the hole at the top and using yarn, string or a wire ornament hanger hang your ornament where everyone will see it!
